Dear Mr. \_\_\_\_\_ :

Thank you for your telegram expressing your opposition to the provisions of S. 3010 relating to the Maritime Administration.

You will be interested to know that the conferees' report on this measure deleted the provisions transferring maritime functions to the new Department of Transportation.

The House and the Senate both agreed to the Conference Report on October 13, 1966.

With best wishes.

Sincerely yours,

THOMAS J. DODD
