Tips

Dear Senator Gore:

I am writing in regard to see if you could help us restaurant operators get Section 313 of Hr 6675 removed, as we feel that is harmful legislation for our industry.

I feel that a tip is a matter between the customer and the waitress. If the employee has to report tips to their manager it will cause a very bad morale problem.

The bookeeping cost and also the cost of matching the employee Social Security deducted from their wages is a big factor in a low profit industry like ours, we can't just keep on passing all cost on to customer thru higher Menu prices.

I want to thank you for your time in reading this letter and also your past help to our industry.

Yours very truly,
