

COPY

September 22, 1965

Mr. Charles J. Mitchell
Guidance Director
Springfield Junior-Senior High School
Springfield, Vermont

Dear Mr. Mitchell:

Attached for your information is a copy of a letter I received from the American Industrial Arts Association regarding Senate approval of my amendment to bring industrial arts under Title XI of the National Defense Education Act.

You will recall that in 1964 you indicated your hope that industrial arts would be given recognition under Title III of the N.D.E.A.

Should the House of Representatives accept the addition of industrial arts to the institute title of the aforementioned Act, I feel hopeful that ultimately, perhaps next year, something can be done about the equipment situation.

With best wishes, I am

Sincerely,

Winston L. Prouty
United States Senator
