MARINE HARDWARE

MILFORD, CONNECTICUT 06461

September 16, 1966

Honorable Thomas J. Dodd
United States Senator
Senate Office Building
Washington, D.C.

Dear Senator Dodd:

We believe an independent Federal Maritime Administration is an important and necessary step in halting America's continuing decline as a maritime power. Accordingly, it is urged that you vote for either an amendment to HR-15963 removing all features affecting the Maritime Administration or a motion to return the entire bill to Committee and further, support HR-11696 when it is brought up.

Thanking you for your usual kind cooperation.
With very best wishes.

Yours very truly,
THE ROSTAND MFG. CO.
