

# MARINE CONTRACTING, INC.

UNDERWATER SPECIALISTS

SOUTHPORT, CONNECTICUT

Cable Address: MARCON

August 11, 1966

Senator Thomas Dodd  
United States Senate  
Washington, D. C. 20510

Dear Senator:

In reference to S. 3010 - Department of Transportation, I would appreciate it if you would put on record that I am opposed to the proposed Department of Transportation.

It is my belief that this is an unnecessary and somewhat meaningless new department, which, by the very weight of the bureaucracy that it will entail will make it less effective in the current method of regulating highways, railroads, waterways, airways, etc.

Sincerely,

MARINE CONTRACTING, INC.

President
